**My Secret Weapon, "Secret", is a 1996 TB mare that was never raced. She has competed at the BN level with lots of potential to go higher. She was schooling Second Level this summer in preparation for her owner's B Traditional Rating as a back up horse. She has very few show miles due to a late start in life. She has fox hunted in a snaffle bit and also goes cross country in a snaffle. She is very calm and willing to please.**
